

2018 Finally Farm Horse Show Series Rule Book

PURPOSE

The Finally Farm Horse Show Series started in 2009 with the goal of offering affordable schooling shows that followed the standards of excellence found at the bigger rated shows. We have always strived to provide a safe showing environment, with quality judges, and excellent year end awards.

INTENTION

All exhibitors, parents, trainers and officials are expected to act in a sportsmanlike manner. Inappropriate conduct will not be tolerated. Any actions deemed as inappropriate should be brought to the attention of show management immediately.

JUDGES

For Hunters and Equitation, we select judges from the NCHJA Licensed Judges list, or we use USEF “r” or “R” licensed judges. We expect each hired judge to give their honest and professional opinion based on their knowledge and expertise as a licensed official and the best of their abilities. The judge’s decision is final in all classes.

For Jumpers, we select judges who are familiar and experienced with NCHJA and USEF jumper rules and regulations, and have prior experience judging jumper classes. The judge’s decision is final in all classes.

GENERAL SHOW RULES

Please clean up all around your trailer area before you leave at the end of the day. **Please DO NOT leave hay, trash or other items behind in our pastures.** There is a dumpster on the property by the barn if you wish to dispose of manure and hay, before you leave. Otherwise please plan to take it with you in a muck bucket, etc. There are trash cans located all around the property.

-The Finally Farm Horse Show Series supports and follows all rules required under the North Carolina Equine Liability Law.

-Any horse or rider exhibiting unsafe or unpredictable behavior during a class will be immediately excused from the arena for the safety of themselves as well as other riders and horses without a refund of show fees. Show management reserves the right to ascertain what qualifies as “unsafe and unpredictable”.

-There will be an EMT onsite and present at the show rings starting 1 hour before the show begins, until the completion of the show. Please be aware that any schooling done prior to 1 hour before the show starts, or after the completion of the show will be AT YOUR OWN RISK, and an EMT or Finally Farm Staff Member may not be present.

-An ASTM/SEI labeled and approved helmet with properly adjusted and fastened harness MUST be worn at all times while mounted. NO EXCEPTIONS.

POINTS AND YEAR END AWARDS PROGRAM

-Show management reserves the right to cancel classes with less than 3 exhibitors at their discretion. *If management opts to run classes with less than 3 exhibitors, points may not be awarded towards year end awards.*

-Over Fences classes with more than 16 exhibitors will be run as a California Split. The judge keeps track of twice the number of placings required for ribbons. At the completion of the class, the judge creates two separate orders using alternating numbers in the following manner: the highest score is first in Section A, the second highest score is first in Section B, the third highest score is second in Section A, the fourth highest score is second in Section B and so on until all placings are awarded. The result is two sections of the same class being pinned separately. Ribbons, prizes and Points will be awarded to both sections.

-Under Saddle classes with more than 16 exhibitors will be split evenly and run as two separate sections. Ribbons, prizes and Points will be awarded to both sections.

-In the event of a tie for Champion or Reserve Champion the exhibitor with more points over fences will break the tie. In divisions where there is not a flat class, or the exhibitors are tied with over fences points, then the points awarded in the first class of the division will be used to break the tie.

-Points will be awarded as follows: 1st=10, 2nd=8, 3rd=7, 4th=5, 5th=4, 6th=3, 7th=2, 8th=1.

-To be eligible for Year End Awards in classes where the points follow the HORSE (hunters and jumpers), the HORSE must compete in the same division at 5 shows throughout the season (unless management changes this requirement due to inclement weather/canceled dates). The horse may be shown by multiple riders.

-To be eligible for Year End Awards in classes where the points follow the RIDER (equitation and specified divisions), the RIDER must compete in the same division at 5 shows throughout the season (unless management changes this requirement due to inclement weather/canceled dates). The RIDER may show different horses throughout the season.

-To be eligible for HIGH POINT HUNTER HORSE, points will be tabulated based on the HORSES 2 highest point total divisions.

-To be eligible for HIGH POINT JUMPER HORSE, points will be tabulated based on the HORSES 2 highest point total divisions.

-Year End Awards will be given out to ALL HORSES AND RIDERS that meet the eligibility requirements of competing in 5 shows (unless management changes this requirement due to inclement weather/canceled dates). We place each division down as many places as necessary to award those horses and riders that are eligible! It is our aim to give everyone a chance at Year End Awards and to reward hard work throughout the year at our Awards Banquet which is held each February following the previous years show season.

TRAINER INCENTIVE AWARDS PROGRAM

-To be eligible, each entry form MUST have the TRAINERS NAME must be listed on entry form, if a trainer isn't listed, points will NOT be awarded.

-Trainer will receive 8 points for every class a rider wins, 4 points for every class a rider pins 2nd – 6th, and 1 point for every class a rider is entered in.

-Trainer must show at least 1 point collected at a minimum of 5 shows to qualify for a \$500 CASH PRIZE!

HUNTER AND EQUITATION GENERAL RULES

The following faults are scored according to the judge's opinion, and depending on severity, may be considered minor or major faults.

-Rubbing the jump

-Swapping leads in a line or in front of a jump

-Late lead changes

-Freshness

-Spooking

-Kicking up or out

-Jumping out of form

-Jumping off the center line of jump

-Bucking and/or playing

-Adding a stride in a line with a related distance

-Eliminating a stride in a line with a related distance

-Striking off on a wrong lead on the courtesy circle. (May be corrected with either a simple or flying change of lead.)

The following are considered major faults.

-Knockdown

-Refusal

-Stopping for loss of shoe or broken equipment

-Refusal or stopping while on course

-Dangerous jumping

-Addressing a jump - coming to a stop in front of a jump in order to show the jump to the horse.

- Completely missing a lead change
- Adding or eliminating a stride in an in and out.

The following constitute elimination.

- Three refusals
- Off course
- Jumping course before it is reset
- Bolting from the ring
- Fall of horse or rider

Under Saddle Classes - Hunters

Horses are to be shown at a walk, trot, and canter both ways of the ring. Light contact with the horse's mouth is required. Horses should be obedient, alert, responsive, and move freely. They should not be eliminated for slight errors. Judges may ask horses to hand gallop collectively, one way of the ring. Not more than eight will be asked to hand gallop at one time. All horses being considered for an award must be serviceably sound.

Equitation Testing

Tests may be performed either collectively or individually but no other tests may be used. Instructions must be publicly announced. A judge may ask riders to re-jump an abbreviated or shortened form of the original course. If exhibitors are called back collectively to test, they must remain in the ring until all exhibitors have completed the test. Equitation tests must not have exhibitors trotting or cantering through in gate or out gate. Obstacles jumped in an equitation test must have been included in the original course. Jumps must be jumped in the original direction unless otherwise specified.

1. Halt (4 to 6 seconds) and/or back.
2. Hand gallop.
3. Figure eight at trot, demonstrating change of diagonals. At left diagonal, rider should be sitting the saddle when left front leg is on the ground; at right diagonal, rider should be sitting the saddle when right front leg is on the ground; when circling clockwise at a trot, rider should be on left diagonal; when circling counterclockwise, rider should be on the right diagonal.
4. Figure eight at canter on correct lead, demonstrating simple change of lead. This is a change whereby the horse is brought back into a walk or trot and restarted into a canter on the opposite lead. Figures to be commenced in center of two circles so that one change of lead is shown.
5. Work collectively at a walk, trot, or canter.
6. Jump low obstacles at a trot as well as at a canter. The maximum height and spread for a trot jump is 3' for horses, 2' for ponies.
7. Jump obstacles on figure eight course.
8. Question(s) regarding basic horsemanship, tack and equipment, and conformation.
9. Ride without stirrups, riders must be allowed option to cross stirrups.
10. Jump low obstacles at a walk as well as at a canter. The maximum height and spread for a walk jump is 2'.
11. Dismount and mount. Individually.
12. Turn on the forehand through the walk or the halt.

JUMPER RULES

-Jumpers may be of any breed, height, or sex. Junior riders may show stallions. Any action against a horse by a competitor in the ring deemed excessive by the judge may be penalized by any one or combination of the following: official warning or elimination from the class. Such action(s) could include, but are not limited to, excessive or improper use of the whip, spurs, reins, rider's weight or rider's hands.

-In a case of unsoundness sufficiently severe to be considered abusive, the judge(s) must eliminate the competitor from that class and inform the competition manager, who will make a final determination.

- In the jumpers, a horse may not compete in more than 5 classes per show.

- Excessive speed that the judge feels is dangerous will be grounds for elimination after one warning. To clarify: galloping is perfectly fine in the jumper ring with well executed, properly balanced turning - but flat out running with horses slipping and stumbling through turns is unacceptable.

Scoring - Jumpers

Jumpers are scored mathematically, based on penalty faults incurred between the starting line and finish line. A competitor, after receiving the signal to start his/her round, is not being scored until crossing the starting line in the proper manner. Penalty faults include disobediences, falls, knockdowns, and time penalties.

(a) Verticals. When an obstacle is composed of several elements in the same vertical plane, a fault at the top element is the only one penalized.

(b) Spreads. When an obstacle to be taken in one effort is composed of several elements not in the same vertical plane (i.e., oxer, triple bar, etc.) faults at more than one element are penalized only once.

(c) Combinations. In combinations, the faults committed at each element are scored separately. In case of refusal or run-out at one element of a combination (and upon the judge's signal that the obstacle has been reset, if necessary,) the competitor must re-jump the entire combination.

(d) Broken Equipment. In cases of broken equipment or loss of shoe, the rider must continue if he wishes to avoid penalty, or may voluntarily withdraw.

(e) Setting a Standard. After the first round of the first class in any section, management or the judge(s) may order a competitor from the ring when it becomes evident that their performance prohibits them from being in the ribbons.)

(f) Courtesy Fence. An eliminated competitor may make one attempt to jump an additional single obstacle, which may be designated by the judge(s), but may not continue thereafter. (Exception: The right to attempt an additional obstacle does not apply in the case of the fall of the horse or rider.)

(g) Exiting the Arena. Any competitor who does not leave the ring promptly at the end of the round or after being eliminated may be disqualified from future classes during the competition at the discretion of the judge(s). Any competitor at the end of his/her round who does not leave the ring through the designated gate(s) (e.g. jumping out of the arena), is eliminated.

(h) Riders receiving physical assistance from outside the ring (i.e., lunge whips, etc.) while on course will be eliminated. (Note: this does not apply to riders between rounds in Table II, 2(b) competitions provided the rider begins his jump-off within the limits of the time allowed between the audible signal and crossing the starting line.)

(i) Under penalty of elimination, any obstacle in the arena which requires a jumping effort, whether flagged or not, may not be jumped by a competitor at any time while in the arena except as it may constitute a part of the current competition.

(j) If a competitor jumps an obstacle that has not been reset, or has been reset improperly due to it being downed by a previous competitor, the weather, or some other factor, the competitor receives no penalty. If the competitor knocks down the obstacle he will be penalized accordingly.

(k) Judges have the authority to make decisions on any point not covered in the rules applying to class procedure, scoring, and conduct affecting a class under their jurisdiction.

The horse must not resist for 45 consecutive seconds or take more than 45 seconds to jump the first obstacle after the time of the round has begun or take more than 45 seconds to jump the next obstacle on course. Failure to enter the ring within one minute of being called incurs elimination. The time limit for entering the ring must be enforced by management. To prevent unfairness to an exhibitor, management may extend the time limit for entering the ring. A competitor will have 45 seconds from the time the judge(s) sound an audible signal to cross between the start markers in the proper direction and start on course. If a competitor does not cross through the start line within the allotted time, the time on course will start when the allotted time expires. In classes (or phases of a class) where time is not being recorded, competitors will have 45 seconds to cross the start line, or be eliminated.

Audible Signal - Jumpers

An audible signal (bell, horn, whistle, gong or buzzer) is sounded for the following purposes:

- (a) to give the signal to start
- (b) to interrupt the 45 second period which a rider has to begin the course in the event of an unforeseen incident;
- (c) to stop a competitor in the event of an unforeseen incident (which also designates a time-out);
- (d) to indicate that an obstacle has to be reset before being retaken after it has been knocked down during a refusal (designating a time-out);
- (e) to give the signal for competitor to continue his round after an interruption, also designating time in; (Note: It is the rider's responsibility to be ready to continue on the course when signal is given)
- (f) to indicate by repeated and prolonged ringing that the competitor has been eliminated; and
- (g) to indicate that the rider should not proceed to the jump-off round in a Table II, Sec. 2(c) or a Table V, Sec. 2(c) class.

Disobediences - Jumpers

The following defines disobediences and are penalized.

- (a) Refusal. Stopping in front of an obstacle to be jumped, whether or not the horse knocks it down or displaces it, is penalized as a disobedience. Stopping at an obstacle without knocking it down and without backing, followed immediately by jumping from a standstill, is not penalized. However, if the halt continues, or the horse backs even a single step or circles to retake the course, a refusal is incurred.
- (b) Run-out. Evading or passing the obstacle to be jumped or the finish line or jumping an obstacle outside its limiting markers is penalized as a disobedience.
- (c) Resuming the Course. After a run-out or refusal the competitor must, before proceeding on the course, re-jump the obstacle at which the disobedience occurred or be eliminated. If the flag, standard, wing, or obstacle has not been reset when the competitor is ready to jump, he must await the signal to start or be eliminated.
- (d) Loss of Forward Movement. Halting or stepping backward after crossing the start line, (unless due to a refusal, run-out, or an order from a judge due to unforeseen circumstances such as a fence being blown down,) will be penalized as a disobedience.
- (e) Circling. Any form of circle or circles whereby the horse crosses its original track between two consecutive obstacles (start and finish included,) or stops advancing toward or turns at least 180 degrees away from the next fence, or finish line, except to retake an obstacle after a disobedience, is considered a disobedience. This is a judgment call. (Note: Coming sideways or zigzagging toward an obstacle does not constitute a disobedience unless the horse passes or turns its back to the next obstacle or the finish line.)

Knockdowns - Jumpers

An obstacle is considered knocked down when in jumping an obstacle, a horse or rider, by contact:

- (a) lowers any part thereof which establishes the height of the obstacle or the height of any element of a spread obstacle, even when the falling part is arrested in its fall by some other portion of the obstacle; or
- (b) moves any part thereof which establishes the height of the obstacles so that it rests on a different support from the one on which it was originally placed. Should a pole resting in a cup come to rest on the lip of the cup, or on a bracket which is an integral part of the cup, it is not considered a knockdown. Narrowing the width of a spread obstacle without altering the height of any elements as defined above is not considered a knockdown. Penalties apply for late falling rails after crossing the finish line but before leaving the ring OR before the tone sounds for the start of the next round.

Falls - Jumpers

A rider is to have considered to have fallen when he is separated from his horse, which has not fallen, in such a way as to necessitate remounting or vaulting into the saddle. A horse is considered to have fallen when the shoulder and haunch on the same side have touched the round or an obstacle and the ground. A courtesy fence is not permitted following the fall of the horse or rider.

Off Course - Jumpers

A competitor is considered off course when he deviates from the course as shown by the diagram and jumps an obstacle prior to rectifying the deviation.

Table of Jumping Faults – Jumpers

Faults and elimination are scored as follows:

- (a) Knockdown of obstacle or standard with any portion of horse, rider, or equipment, when jumping an obstacle -- 4 faults.
- (b) Knockdown of automatic timing equipment, other designated markers on start and finish lines -- 4 faults.
- (c) First disobedience anywhere on course -- 4 faults.
- (d) Second cumulative disobedience anywhere on course -- Elimination.
- (e) A horse resisting for 45 consecutive seconds -- Elimination.
- (f) Taking more than 45 seconds to jump the first obstacle after the time of the round has begun -- Elimination.
- (g) Taking more than 45 seconds to jump the next obstacle on course -- Elimination.
- (h) Fall of horse and/or rider -- Elimination.
- (i) Jumping an obstacle before it is reset, or without waiting for signal to proceed -- Elimination.
- (j) Starting before judge's signal to proceed -- Elimination.
- (k) Jumping an obstacle before crossing start line unless said obstacle is designated as a practice obstacle or after crossing the finish line, whether forming part of the course or not -- Elimination.
- (l) Off course -- Elimination.
- (m) Leaving the enclosure of a closed obstacle incorrectly -- Elimination.
- (n) Rider and/or horse leaving the arena before finishing the course -- Elimination.
- (o) Any competitor at the end of his/her round who does not leave the ring through the designated gate(s) (e.g. Jumping out of the arena) -- Elimination.
- (p) Actions against a horse deemed excessive (For example: excessive use of whip or spurs at any time within the arena) -- Elimination.

Table II, Sec. 2 (A)

Time First Jump-Off. The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. In the event of equality of faults after the first round, there will be one jump-off for first place only in which time will decide in the event of equality of faults.

Table II, Sec. 2 (B)

Time First Jump-Off. The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If a competitor has gone clean in the first round, the competitor will, without leaving the ring, upon an audible signal, commence the designated jump-off course. A competitor with a clear round may dismount, and with assistance if necessary, adjust tack and/or equipment; however, upon the audible signal to begin his/her round, the competitor is responsible to adhering to the 45 second rule. A competitor who leaves the arena after a clear round (before or after the tone) will be considered to have retired from the jump-off. If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults.

Table II, Sec. 2 (C)

Two Phase Competitions. The first round and immediate first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed if any. If a competitor has gone clean in the first round, he will, upon crossing the finish line, commence the designated jump-off course. Time starts as the horse crosses the finish line for the initial course. If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults. The use of a time allowed is optional in the first round. The Time Allowed in the first round may be taken by electronic or manual means.
